Pursuant to 37 C.F.R. § 1.56, § 1.97, and § 1.98, Applicants herewith make of record the following publications which may be material during prosecution of the above-referenced patent application:

German Publication No. DE 81 06 942 U, published July 15, 1982;

*German Publication No. DE 41 21 312 C, published May 14, 1992,

These references were cited in an International Search Report in the corresponding International patent application PCT/DE00/02256. Since the foregoing publications and search report have previously been transmitted to all the designated

This statement is not to be interpreted as a representation that the cited publications are material, that an exhaustive search has been conducted, or that no other relevant information exists. Nor shall the citation of any publication herein be construed *per se* as a representation that such publication is prior art. Moreover, Applicants understand that the Examiner will make an independent evaluation of the cited publications.

No additional costs are believed to be due in connection with the filing of this Information Disclosure Statement. However, please charge any necessary fees in connection with the enclosed statement to our Deposit Order Account No. 12-0080.

Respectfully submitted,
